" The last word in luxury and contemporary design! This is a new, absolutely outstanding, Mediterranean-style villa and separate large guest/staff house, reflecting the highest standards of design and build quality, in a convenient location, 3km from the nearest beach and the international Marina, and only 11km from Corfu Town and the Airport. It has commanding views down to the Marina, Corfu Town and along the scenic north-east coast. The accommodation in this wonderful villa consists of: At Pool Level: A spacious lounge/dining room of approximately 100 sq. m. This area has a virtually complete wall of sliding glass doors, leading out directly to the swimming pool area, and offering the maximum impact of the sea views. The dining area has space for seating up to twenty guests, and again is positioned to take advantage of views out to the pool and sea beyond, giving a combined exterior/interior atmosphere. The French doors lead out onto extensive decked terraces around the pool, ideal for al fresco dining. The professional style kitchen leads off the living area and features units and appliances of luxurious contemporary design, with a central island feature. Leading from this is the utility room, which has access to the external maintenance area with additional washing machines and storage for wine. This section of the house is specifically designed for use by resident staff. "

Surroundings & location

" • Spianáda, the largest square in the Balkans, is the centre of the city, adorned with 19th-century remarkable works of French architecture. Here you can watch cricket games, or attend in musical concerts organised throughout the year. • Listón, the city's trademark, where the aristocrats used to enjoy their evening promenades. The characteristic arcades form the most romantic background setting for a welcome cup of coffee at one of the town's cosy cafés. • The smart suburbs: Mandoúki, Garitsa and Sarókos. The most important city's attractions bear eloquent witness to its rich history: • The impressive 15th century Old Fortress, as well as the New Fortress. • The Saint Michael and George Palace at the northern part of Spianáda, built during the British occupation. • A considerable number of churches. The most imposing one is the city's Cathedral, the Church of St. Spyridon, the island's patron Saint, whose relics are kept here. The church's immensely tall bell tower certainly reminds us of that of San Giorgio dei Greci in Venice. Four processions are held every year during which the body of Saint Spyridon is carried around the streets of the city (on Palm and Easter Sunday, on April 11th and the first Sunday in November). All the philharmonic bands of the city accompany the processions creating a remarkable awe-inspiring spectacle. Call in at the city's fascinating museums: • The Museum of Asia. "
